## Britney Spears

Advisory - the following lyrics contain explicit language:

It's a dance thing!

(Blow!)

Boys and girls come sit down and ride on this rhythm

(Oh, oh, oh-oh, oh, oh-oh, oh-oh)He was looking, said he want to hook up

But, she don't want to hook up, told him "Just go"

And then she look and said she want to hook up

You really want to hook up? Told her "Let's go" Oh baby, I can't believe everything your body make me want to  
do

From the way that you move, now I think I'm in love with you

Grab my waist, want to get with the rhythm and the move you do, do

Switch my hips on the floor, move them slow, to keep up with you Back it up, now, bump your rump, now

Grab my waist, now, work it out, now

Grab my shoulder, pick it up, now

Take it lower to the floor, now Watch out, baby I'ma drop a little something

Ride it, baby we can do a little something

Take out, baby want to get a little something

You know baby, let's hook up a little something Oh baby, I can't believe everything that I feel when I dance  
with you

From the small of my back to the breath on my neck

To that move you do

Put your body, got to get my body right next to you

Move the party, got to rock the party until the ooh-we-oooh Back it up, now, bump your rump, now

Grab my waist, now, work it out, now

Grab my shoulder, pick it up, now

Take it lower to the floor, now Back it up, now, bump your rump, now

Grab my waist, now, work it out, now

Grab my shoulder, pick it up, now

Take it lower to the floor, now Boy, I can't explain what you do to me

My whole world has changed, I'm living a fantasy

Tonight, I'm in the mood, please take me by your hand

I want to get in your groove, oh baby, take me there Yo, everybody get up now!

If you sit down

Boy, I want to see you on the dance floor, move now  
Yo, everybody dance! The bodies are shaking, want to get my body keep shaking  
Better get your butt out here baby, come on let's go  
So do how you do it, drop it down, bend over, get to it  
Make it pop back down to the ground, pick it up, let's go The bodies are shaking, want to get my body keep  
shaking  
Better get your butt out here baby, come on let's go  
So do how you do it, drop it down, bend over, get to it  
Make it pop back down to the ground, pick it up, let's go Don't stop, just get-get on the floor  
Butt drops, hips pop-popping for sure  
Who's got-got it? Get it some more  
One time, two time, three time we go! Back it up, now, bump your rump, now  
Grab my waist, now, work it out, now  
Grab my shoulder, pick it up, now  
Take it lower to the floor, now Back it up, now, bump your rump, now  
Grab my waist, now, work it out, now  
Grab my shoulder, pick it up, now  
Take it lower to the floor, now Watch out, baby I'ma drop a little something  
Ride it, baby we can do a little something  
Take out, baby want to get a little something  
You know baby, let's hook up a little something Back it up, now, bump your rump, now  
Grab my waist, now, work it out, now  
Grab my shoulder, pick it up, now  
Take it lower to the floor, now Back it up, now, bump your rump, now  
Grab my waist, now, work it out, now
