## Big Sean

I Don't Think They Want It  
I-I Dont think they want it  
I Don't Think They Want It  
I-I Dont think they want it  
Soon as I walk in all the bad bitches on it  
I saw you perform yeah, you put on a light show  
I walk up in this bitch looking like a light show  
got a team but I'm by myself ISO  
killing sh-t lights on, lights on, lights off  
on my job bitch, no nights off  
and on my nights off, it still might cost  
I Don't Think They Want It  
I-I Dont think they want it  
your girls on my dick and she trying to sit up on it  
she hopped on my lap even took a pick up on it  
and I passed her to my n-ggas cause I don't really want it  
I Don't Think They Want It  
I-I Dont think they want it  
brand new whip but I push it like it's stolen  
7-11 a n-gga keep rollin'  
I'm headed to the top bitch and I dont think you going  
and how my checks look, stupid as hell  
so tell me how my ex look, stupid as hell  
I Don't Think They Want It  
I-I Dont think they want it  
I Don't Think They Want It  
I-I Dont think they want it  
Ay, now every time I stepped in  
you could tell I stepped out  
I saw your girlfriend only from the chest down  
I'm so dressed up but I pull her dress down  
by the time she wake up, I'm in the next town  
I Don't Think They Want It  
I-I Dont think they want it  
I met your main bitch and I put my n-ggas on it  
and she bust it wide open, hotel picture phoning  
send it all around the World so I don't even want it  
2,3 I'm in my zone bitch  
where's the competition?

I need a clone bitch  
I Don't Think They Want It  
I-I Dont think they want it  
and I run GOOD music n-gga Usain Bolt'n  
getting music so the drinks the only thing thats pouring  
damn thats what I like and it feel good  
and it look right, tell her keep going  
I Don't Think They Want It  
I-I Dont think they want it  
I Don't Think They Want It  
I-I Dont think they want it  
What you got? nothing!  
what I got? everything!  
you was straight gassin, I put that on kerosine  
I just give her dick dog, you give her a wedding ring  
you need her at the alter now that is just embarassing  
let em talk sh-t though, go ahead, carry on  
I just walk up in this bitch higher than a carry on  
flyer than a carry on, sipping on Perignon  
gripping on derriere, gripping off Derrion  
somebody show these weak n-ggas where the exit is  
cause they always trying to be where my section is  
ay for real though, the number one question is:  
why is your girlfriend always where the sexing is?  
I Don't Think They Want It  
I-I Dont think they want it  
I Don't Think They Want It  
I-I Dont think they want it
