

# Boy

## Birds Of Tokyo

When I have once or twice  
Thought I lived my life .. for  
Oh oh I'll wake up in a thousand years  
With every ghost I'm looking through  
I was a cold, cold boy  
Hey! Oh when I lie with you  
But when I go back through  
I ..... I  
When it's gone and you hope  
That your mind's made up anekatips

Oh I wake up twenty thousand years  
With every ghost of what I knew  
I was a cold, cold boy  
Hey! oh when I lie with you  
But when I go back you  
I ..... I  
I was a cold, cold boy  
Hey! Oh when I say to you  
When I go back through  
I ..... I
