# Borders And Shading

## In Flames

You take a knife and carve it in
Want to see your faults as a part of your pretty skin
Everyone has a tragedy
I want you to wear yours in pain
Oblivion can no longer shade you
Reminder as a tattered tissue
Bleak silence errors stigmatized in you
A weak worn out friend, there's nothing left for me
Again and again your face reminds me of a bleak future
Despite the absence of hope I give you this sacrifice
You're so far behind, be my hero
Drift away
Save yourself, don't end up zero
'Cause I'll look the other way
I will crawl into your vault
Pass snakes and old rotten thoughts
Leaving a hotbed of virulence
Your world inside slowly redesigned
Again and again your face reminds me of a bleak future
Despite the absence of hope I give you this sacrifice
You're so far behind, be my hero
Drift away
Save yourself, don't end up zero
'Cause I'll look the other way
Again and again your face reminds me of a bleak future
Despite the absence of hope I give you this sacrifice
You're so far behind, be my hero
Drift away
Save yourself, don't end up zero
'Cause I'll look the other way
You're so far behind, be my hero
Drift away
Save yourself, don't end up zero
'Cause I'll look the other way
