

Lie

David Cook

You whisper that you were getting tired
Got a look in your eye, looks a lot like goodbye
Hold on to your secrets tonight
Don't want to know, I'm okay with this silence
It's truth that I don't want to end You're hiding regret in your smile
There's a storm in your eyes I've seen coming for a while
Hang onto the past tense tonight
Don't say a word, I'm okay with the quiet
The truth is gonna change everything So lie to me and tell me that it's gonna be all right
So lie to me and tell me that we'll make it through the night
I don't mind if you wait before you tear me apart
Look me in the eye, lie, lie, lie, lie, lie, lie I know that there's no turning back
If we put too much light on this we'll see through all the cracks
Let's stay in the dark one more night
Don't want to know, I'm okay with the silence
It's truth that I don't want to end So lie to me and tell me that it's gonna be all right
So lie to me and tell me that we'll make it through the night
I don't mind if you wait before you tear me apart
So look me in the eye, lie, lie, lie Don't want to believe in this ending
Let the cameras roll on, keep pretending
Tomorrow's all wrong if you walk away, just stay So lie to me and tell me that it's gonna be all right
So lie to me and tell me that we'll make it through the night
I don't mind if you wait before you tear me apart
So look me in the eye, lie, lie, lie So lie to me and tell me that we're gonna be okay
So lie to me and tell me that we'll make it through the day
I don't mind if you wait before you tear me apart
So look me in the eye and lie, lie, lie
