Getting Into The Jam

Electric Six

Looking in the mirror
And I know I'm a man
And I know she's a girl
And she's looking for a man
We got sex plans
Come on
I'm getting into the jam
I'm getting into the jam
I can feel the jam
Yeah, I can feel the jam
Driving in my car
We're going to the bar
I met her at the bar
I'm gonna take her to my car
We're gonna make it in my car
Come on
I'm getting into the jam
I'm getting into the jam
I can feel the jam
Yeah, I can feel the jam
I'm getting into the jam
I'm getting into the jam
I can feel the jam
Yeah, I can feel the jam
I'm a man
I'm getting into the jam
Yeah, I'm a man
I'm getting into the jam
Into the jam
Now hear me out
Come on
I'm getting into the jam
I'm getting into the jam
I can feel the jam
Yeah, I can feel the jam
I'm getting into the jam
I'm getting into the jam
I can feel the jam
Yeah, I can feel the jam
