Shore

Daniela Andrade

Stop being mysterious
Tell me what you want
Oh give me something
Something I can workOh are you feeling this
Is it just the way the dusk is fallingCause I want something real
These days it's hard to feel
And when you call
I can't __
Dive in too deep
Oh can't you see
That I want something more
Than words that hit the wall
I think I'm ready
So rock me steady
To your shoreTakes time but I'm taking it
Rolling with your curve
It's all or nothing
Could it take some work
You're where the rhythm is
Slowing down the waves of my heartCause I can't stop
When you turn, turn a frown
And I think of about the chance
When you're close, say it nowBaby maybe this is it
If you want, let's find out
Baby, don't you say it's over
Cause I want something real
These days it's hard to feel
And when you call
I can't __
Dive in too deep
Oh can't you seeThat I want something more
Than words that hit the wall
I think I'm ready
So rock me steady
To your shore
