On Your Side

Luminate

You don't have to say it, you can't deny
Every single heartache's written in your eyes
Memories that haunt you, memories, they got you
Looking for a place to hideOh, the anger moved in like a cancer
Like a paralyzing fear
Can you even here me when I whisper
Can you see me through your [Incomprehensible]'Cause I, I'm on your side
We'll win this fight so rest tonight
'Cause love is on a rise, though darkness blinds
I'm on your side, oh, I'm on your sideKnow My love can shine through, bitterness that hides you
Deep inside a world with no hope
Letting go of history, we can start a journey
You don't have to do this alone, not alone'Cause I, I'm on your side
We'll win this fight so rest tonight
'Cause love is on a rise, though darkness blinds
I'm on your side, oh, I'm on your sideWhen your hope is lost and the flames burn high
When your weakness fuels what you feel inside?
Oh, don't look back, your past has died
You're still alive, you're still alive'Cause I, I'm on your side
We'll win this fight, you can rest tonight
Because love is on a rise, though darkness blinds
I'm on your side, I'm on your sideYou can rest tonight
I'm on your side, I'm on your side
You can rest tonight
I'm on your side
