

# More Than Just a Friend

CeCe Winans

Hello, Mr. Busy I wonder could you share a little time  
Let me introduce you to abundance  
All that you need I will supply  
I wanna be everything, I wanna be more Already know about the secrets  
Already heard about the past  
I didn't come to hold the guilt up over  
Only want to share the love I have  
All I wanna be is everything  
I wanna be more than just your friend Let me be the one to hold you through the night  
Then I can take your enemy and win the fight I wanna be more than just your sister  
I wanna be more than next of kin  
Gotta be more than just your brother  
I wanna be more than just a friend  
All I wanna be is everything, I wanna be more Stay close to me  
Be ready to hear my next words  
I've got a lot of grace to deliver  
And in case you haven't heard  
I wanna be everything, I wanna be more Many places I can take you  
Many promises to fill  
But in order to receive them  
We've got to make this clear  
I've got to be everything  
I want to be more than just your friend Let me be the one to love you when you're wrong  
Then I can be the lyrics to a happy song I wanna be more than just your sister  
I wanna be more than next of kin  
Gotta be more than just your brother  
I wanna be more than just a friend  
All I wanna be is everything, I wanna be more
