

# Greenfields

## Breabach

Greenfields backed by blue skies  
'Bout as blue as your two true blue eyes  
And I wonder, do you feel the way I feel  
When you see greenfields And sometimes, oh, I wish you were still mine  
And I'd go back in time and I'll always find  
You in greenfields and you're layin' by my side  
And love was real and I could taste it on these lips of mine In greenfields backed by blue skies  
'Bout as blue as your two true blue eyes  
And I wonder, do you feel the way I feel  
When you see greenfields When I see cotton candy clouds up in Heaven  
Well, I close my eyes and then we drift away  
And I'm lovin' you and holdin' on forever  
There in your arms, where I used to lay In greenfields backed by blue skies  
'Bout as blue as your two true blue eyes  
And I wonder, do you feel the way I feel  
In greenfields
