

# Behind Bars

## The Wanted

I feel something over me  
And try to run away from the demons that haunted me  
The key turns inside  
No place to hide  
I'm locked in no place, no place I think I could be going crazy, going crazy oh oh  
Feeling the walls come closer, bodies colder ohhhhhhh  
Cos I'm behind bars  
Cos I'm behind bars Now a whisper's calling me (calling me, calling me)  
And why does my skin crawl  
With the pain of insanity?  
The key turns inside  
No place to hide  
I'm locked in no place, no place I think I could be going crazy, going crazy oh oh  
Feeling the walls come closer, bodies colder ohhhhhhh  
Cos I'm behind bars  
Cos I'm behind bars Let me out of here  
I need somebody please I think I could be going crazy, going crazy oh oh  
Feeling the walls come closer bodies colder ohhhhhh Cos I'm behind bars  
Cos I'm behind bars  
Behind bars
