

# Alive Again

## Hartmann

Once I drifted on endless oceans, day by day  
And love was like a distant shore, A million miles away  
I couldn't drag away these shadows hanging over me  
I nearly lost my faith in everything that I once believed  
Nowhere to run, nowhere to hide, I only wished that I could die  
But then you came and turned my darkness into light

And I'm alive again  
I feel it running through my veins  
And I get high again  
Yes, I'm so alive again

Like a stranger to myself, numb and empty inside  
I thought it might be destiny, to let my senses die  
But now I look into these eyes, I see the love that I never knew  
All my life I have been waiting for someone like you

No mountain high, no valley low, no river seems to stop me now  
I know that you're the one to catch me when I fall

And I'm alive again  
I feel it running through my veins  
And I get high again  
Yes, I'm so alive again

No mountain high, no valley low, no river seems to stop me now  
I know that you're the one to catch me when I fall

And I'm alive again  
I feel it running through my veins  
And I get high again  
So high again

Yes I'm alive again  
I feel it running through my veins  
And I get high again  
Oh, so alive again
