

Truce

Twenty One Pilots

Now the night is coming to an end,
Ooooooh
The sun will rise and we will try again,
OooooohStay alive
Stay alive for me
You will die
And now your life is free
Take pride in what is sure to dieAnd I will fear the night again
ooooooh
I hope I'm not my only friend
oooooohStay alive
Stay alive for me
You will die
And now your life is free
Take pride in what is sure to die
