

Love 2 Live

Marie Fredriksson

I love 2 give
Give 2 love
Love 2 live...As long as I can remember
People's been telling me
All the things I should be doing
And just who it is that I am gonna be You gotta - Get edicated
You gotta - Work from 9 to 5 every day
You gotta - Save up all of your money
And when I try to explpain
They never hear what I say Now let me tell you that - I love 2 give...It's not the house you live in - You know
it's!
Not the kind of car you drive - You know it's!
Not the brands you're wearing
It's the love that you give that keeps you alive Now let me tell you that - I love 2 give...
