

# Who's Loving Her Now

## Latif

This is real  
This is how I feel, baby  
Check it  
She was the kind of girl that I wanted  
She was like my homie, my best friend  
If there was one girl perfect in this world  
It would have to be her  
She was the kind of girl that I needed  
She was off the chain and I mean it  
I swear that she was too good to be true  
She love the ground I walked on  
In her eyes I could do no wrong to her  
But somewhere along the lines started feelin' myself  
And I got all new to her  
But then one day I went too far and didn't check myself  
And I ended up losin' her  
But now I'm all by myself and can't help myself  
Wonderin' who's lovin' her  
Who's lovin' her now  
Is he treatin' her right, is he keepin' her satisfied?  
Who's touchin' her now  
Is he givin' her somethin' she can feel?  
Oh, I wanna know who's lovin' her now  
Holdin' it down, turnin' her world all around?  
Who gettin' what I've been missin'  
Who's givin' her what I wasn't givin'?  
Now I always said real niggas don't trip  
So I hopped in my whip and jumped on the strip  
'Cuz I knew if I really needed someone  
The girls are linin' up, I pick three and I go home  
But no matter how many I love  
I can't help but wonder if  
My girl's alone can somebody tell me?  
Who's lovin' her now  
Is he treatin' her right, is he keepin' her satisfied?  
Who's touchin' her now  
Is he givin' her somethin' she can feel?  
I wonder who's lovin' her now  
Holdin' it down, turnin' her world all around?

Who gettin' what I've been missin'  
Who's givin' her what I wasn't givin'?  
I was a player and that's how I was livin', yeah  
I know I was out there trickin', babe, taking but never givin', lady  
So many girls would come and go  
But no one would ever come close to her, nobody compares  
Ran into her sister the other day  
She said she moved out to L.A. to start again  
Said that she was doin' fine, everything was alright  
Since she got away from me  
Now she was doin' better  
And better than ever and never would she come back  
I said, ?Yeah, yeah I learned my lesson  
But will you please answer one question?  
Who's lovin' her now  
Is he treatin' her right, is he keepin' her satisfied?  
Who's touchin' her now  
Is he givin' her somethin' she can feel?  
I wonder who's lovin' her now  
Holdin' it down, turnin' her world all around?  
Who gettin' what I've been missin'  
Who's givin' her what I wasn't givin'?  
Who's loving her now  
Is he treatin' her right, is he keepin' her satisfied?  
Who's touchin' her now  
Is he givin' her somethin' she can feel?  
I wonder who's lovin' her now  
Holdin' it down, turnin' her world all around  
Who gettin' what I've been missin'  
Who's givin' her what I wasn't givin'  
Who's lovin' her now  
Who's touchin' her now  
I wonder who's lovin' her now  
Holdin' it down, turning her world all around  
Who's gettin' what I've been missin'  
Who's givin' her what I wasn't givin'  
Who's lovin' her now  
Is he treatin' her right, is he keepin' her satisfied?  
Who's touchin' her now  
Is he givin' her somethin' she can feel?  
I wonder who's lovin' her now  
Holdin' it down, turnin' her world all around
