Paralyzed

The Used

Before I could ever let you go

Gonna beg until I drive you mad

Say something you could understand

I'm a statue, baby, knock me outOh, how these moments fade away

You say you never loved me

We say things we didn't mean to say

I take it back, I take it all back now

I take it back, I take it all backParalyzed by the same old antics

Back and forth like some walking spastic

How could a fistfight be romantic?

Thinking back now will you ever feel the same?You mean more to me than you'll ever know

You're my girl and I think it's a shame

That we get along this way

I'm just a statue, try to knock me out guess these moments fade away

Saying you never loved me

We said things we didn't mean to say

I take it back, I take it all back now

I take it back, I take it all backParalyzed by the same old antics

Back and forth like some walking spastic

How could a fistfight be romantic?

Thinking back now will you ever feel it? Paralyzed by the same old antics

Back and forth like some walking spastic

How could a fistfight be romantic?

Thinking back now will you ever feel the same? Yeah, I know you feel the same

You gotta let me know

I'm dying inside to knowKnock me out, I'm dying inside to know

Let me know, knock me out

Knock me out, knock me outParalyzed by the same old antics

Back and forth like some walking spastic

How could a fistfight be romantic?

Thinking back now will you ever feel the same? Paralyzed by the same old antics

Back and forth like some walking spastic

How could a fistfight be romantic?

Thinking back now will you ever feel?Paralyzed by the same old antics

Back and forth like some walking spastic

How could a fistfight be romantic?

Thinking back now could you feel the same? You gotta let me know, I'm dying inside to know

Knock me out, I'm dying inside to know

Gotta let me know, knock me out

Knock me out, knock me out
