

# Enjoy the Ride

MAIKA

## LYRICS

You could never say that I'm not in it  
'Cause I've been goin' at it for a minute  
They play the game to see who's quickest to the finish  
The quicker they rise, yeah the faster they diminish

They say to take it slow but I'm in for the thrill of it all  
Baby, if you're down to ride then I'll be quick on the draw  
I know there's forks in the road  
And it might take its toll  
But damn, I swear when we get there that it'll all pay off

Have a little faith in the process  
Get rich or die tryin' that's a promise  
All the countless late nights  
Only true ones by my side  
Gotta ease the mind  
Just enjoy the ride

I could do this all the time

Hope you pack light  
Leave the heavy baggage all behind  
Hold tight  
I got bigger pictures on my mind  
I could get used to this  
And no I'm not new to this

They can have the simple things if that's what they want  
Play it safe & sound but that's no way, nowhere I belong  
Complacency would be the death of me  
Cause time is precious currency  
So fuck your common courtesy  
Cause I want all the above

Have a little faith in the process  
Get rich or die tryin' that's a promise  
All the countless late nights  
Only true ones by my side

All in due time  
Just enjoy the ride

I could do this all the time

If you wanna be somebody  
It doesn't just happen overnight  
Why's it gotta be so sudden?  
Won't you sit back & enjoy the ride
