Play It Safe

The Movement

You don't know my world You don't know my kind I never share my feelings And I got no timeDo you want this boy? Do you want this girl? Do you take all your chances No!Cause you play it safe In all the little things you do If you want your life Then put yourself at stakeYou don't know my thoughts You don't see my heart I never seek reaction So it's not my faultIs your life in vain? Do you want to change So you can make difference Yeah!Cause you play it safe In all the little things you do If you want your life Then put yourself at stake
