

Do Your Dance

Rose Royce

Whoa, huh, whoa, huh, hey
Whoa, huh, whoa, huh, hey
Whoa, huh, whoa, huh, hey
Whoa, huh, whoa, huh, hey
Do your dance, to the rhythm
On the floor, we're just havin' fun
Well, do your dance, to the rhythm
On the floor, we're just havin' fun, well hey
We gon' start at midnight, party till the mornin' light
You see, we can't give up or stop until we get it right
Ain't that right, ain't that right, woo
Do your dance, to the rhythm
On the floor, we're just havin' fun
Come on, people, do your dance, to the rhythm
On the floor, we're just havin' fun
Well, there's a message for your body in this song
Well can't you feel it, it's tellin' you, "Let's get it on"?
So let's get it on, get on up, give it up
Good music makes you feel like dancin'
Don't it make you feel good
Don't it make you wanna get down
Good music
Shake it up, shake it 'round
Well, I want everybody to get an attitude
Come on, people, right till it feels good
Put your hand on your hip

And get into this groove
Do your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor, we're just havin' fun
Good music makes you feel like dancin'
Don't it make you feel good
Don't it make you wanna get down

Good music

Do your dance, do your dance
Do your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor we're just havin' fun
Do your dance, do your dance
Do your dance, do your dance
