Doin' It Right

[The Powder Blues Band](#)

Doin' it right, doin' it right
Doin' it right, doin' it right
The blues band's cookin and the drummer's burnin' down
Doin' it right on the wrong side of townI know a place on the wrong side of town
The blues band's cooking and a gettin' on down
Sax man plays like his soul's on fire
Movin' like a rumour on a telephone wire
Rev up the chevy, put your gas foot down
Doin' it right on the wrong side of townDoin' it right, doin' it right,
Doin' it right, doin' it right
The blues bands cookin, and the drummer's burnin' down
Doin it right on the wrong side of townThere ain't no future datin' magazine girls
Take me to the club with the hot blooded thrills
No time for tears, trouble or sorrow
We're gonna boogie woogie like there's no tomorrow
Turn off the tube, put your magazine down
They're doin' it right on the wrong side of town
