Bones

Dustin Tebbutt

Couldn't find you
Honesty
All the blisters
You were holding aloneCouldn't find you
Honesty
Were you water
Were you breaking
Were your water ohMy frozen bones
My broken mind
It pulls this frozen
Weight on usMy frozen bones
My broken mind
It pulls this frozen
Weight on usNow I've spoken
What it meant to be
In your doorway
Standing taller than those
Long shadowsCouldn't find you
Honesty
Were you water
Were you breaking
Was it tearing out
At your feint skin
Are you out there
'Cause I'm shaking ohMy frozen bones
My broken mind
It pulls this frozen
Weight on usMy frozen bones
My broken mind
It pulls this frozen
Weight on us
