The Sacrifice

Ataroul

Mandi
Do you remember me
When i was younger
Before there walls between us
All the times i've been gone
It has changed me
Can you please forgive me
You are the sacrifice i made
I know we've changed and the innocence is over now
Mandi
Do you remember
Before the anger
Took you away from me
After everything we've been through
I still need you
Tell me is it too late
Cause you are the sacrifice i made
I know we'll never be the same

Cause you are the sacrifice i made
I know we've changed and the innocence is over now
It's over now
All the times i've been gone
You were left alone
Can you forgive me now
Mandi
Do you remember me
Cause now i older and i realize
You are the sacrifice i made
I know we'll never be the same
Cause you are the sacrifice i made
I know we've changed and the innocence is over
This is over now
I know will never be the same
Cause you are the sacrifice i made
I know we've changed and the innocence is over
This is over now
