

Moment Of The Day

Thousand Foot Krutch

The hurt is washed away
Still here I am in the middle of it all
With heavy hands and I try so hard, yeah
Just to leave behind me all the chains that bind me
I won't back down, won't turn my head around
Quick, take a recess
Who's taking another breath
Guess who, whose you, better take another clue
Find out all about, just don't doubt
Just don't doubt
And I won't be lost
In these watered down dreams
Surround me, I won't be caught up
In the moment of the day, yeah
I won't be lost
In these watered down dreams
Surround me, I won't be caught up
In the moment of the day, yeah, alright
The hurt is washed away
Still here I am in the middle of it all
With heavy hands and I try so hard, yeah
Just to leave behind me all the chains that bind me
I won't back down, won't turn my head around
Quick, take a recess
Who's, taking another breath
Guess who, whose you, better take another clue
Find out all about, just don't doubt
Just don't doubt, c'mon
And I won't be lost
In these watered down dreams
Surround me, I won't be caught up
In the moment of the day, yeah
I won't be lost
In these watered down dreams
Surround me, I won't be caught up
In the moment of the day, yeah
