

Gone To Sleep (ft. Kelli Scarr)

Moby

Thin light escapes
We run fast and we wait
All the time we wait, all the days we played
Somewhere there's a Sunday in the fall,
Where you love is safe and warm,
Where everything was right
But I'm never goin' home
Midnight is long
The life I knew is gone
There is nothing that I've ever seen
Darker than it's ever been
Somewhere there's a Sunday in the fall,
Where you love is safe and warm,
Where everything was right
But I'm never goin' home
The Sun is gone
The lights have gone to sleep
I never knew the dark would be so deep
Somewhere you are warm
But I'm never goin' home
Somewhere there's a Sunday in the fall,
Where you love is safe and warm,
Where everything was right
But I'm never goin' home
