

# Every Little Step

## Bobby Brown

Can't sleep at night, I toss and turn  
Listenin' for the telephone  
But when I get your call, I'm all choked up  
Can't believe you called my home  
And as a matter of fact, it blows my mind  
You would even talk to me  
Because a girl like you is like a dream come true  
A real life fantasy  
Don't matter what your friends try to tell you  
We will even fall in love  
And we will be together in any kind of weather  
Just like that, just like that  
Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there  
Every little step I make, we'll be together  
Can't think too straight, I'm all confused  
You must've put a thing on me  
Because there are no words that can explain  
I'm livin' in ecstasy  
And you can rest easy, I've got your back  
You'll never have to feel no pain  
'Cause I dedicate my life to you  
You'll never look for love again  
Don't matter what your friends try to tell you  
We will even fall in love  
And we will be together in any kind of weather  
Just like that, just like that  
Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there  
Every little step I make, we'll be together

Every little, oww  
Every little step I  
(Every little step)  
Every little  
Every little step I take  
Every little

Every little step I  
(Every little step)  
Every little  
We'll be together, girl  
Good lovin', good lovin'  
Don't matter what your friends try to tell you  
We will even fall in love  
And we will be together in any kind of weather  
Just like that, just like that  
Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little step I take, you will be there  
Every little step I make, we'll be together  
Every little  
Every little step I  
(Every little step)  
Every little  
Every little step I take  
Every little  
Every little step I  
(Every little step)  
Every little  
We'll be together, girl
