

By My Side

Leroy Sanchez

(Oooh Ooooh)It's crazy now but not when it all began
I found my way back but now I'm lost again
I put all my faith in love, but this is the end
It's like I'm breaking down, 'cause now I lost a friendIt all came back to me now that we're done
This will be the last time we're making love
When you close your eyes you'll be laying calm
In my armsI'm leaving tomorrow but at least I know you'll wake up by my side
And each moment I'm not with you slowly kills me
It's like homicide
But I love you (oooooh)
Only you (oooooh)
I'm leaving tomorrow but at least i know you'll wake up by my side (by my side)Won't be needing those
pictures up on the wall
I won't be there but you'll still be in my heart
But I know I'll probably die without it beating
Knowing you're not mine might be the hardest partIt all came back to me now that we're done
This will be the last time we're making love
When you close your eyes you'll be laying calm
In my armsI'm leaving tomorrow but at least I know you'll wake up by my side
And each moment I'm not with you slowly kills me
It's like homicide
But I love you (oooooh)
Only you (oooooh)
I'm leaving tomorrow but at least I know you'll wake up by my side (by my side)They say that it gets better but
who can guarantee it
What's the point of falling in love with something knowing that you're leavingI'm leaving tomorrow but at least
I know you'll wake up by my side
And each moment I'm no longer with you kills me
It's like homicide
I'm leaving tomorrow but at least I know you'll wake up by my side
And each moment I'm not with you slowly kills me
It's like homicide
But I love you (oooooh)
Only you (oooooh)
I'm leaving tomorrow but at least I know you'll wake up by my sideI'm leaving tomorrow but at least I know
you'll wake up by my side
And each moment I'm not with you slowly kills me
It's like homicide
But I love you (oooooh)

Only you (oooooh)
I'm leaving tomorrow but at least I know you'll wake up by my side
By my side
