Sleeping In The Ground

Eric Clapton

I would rather see you sleepin' in the ground
I would rather see you sleepin' in the ground
Than to stay around here if you're gonna pull me down
Well I give you all my money, everything I own
Well I give you all my money, everything I own
And some day I'm gonna get lucky
And down the road you know I'm gone
Well I would rather see you sleepin' in the ground

Well I would rather see you sleepin' in the ground
Than to stay around here when you're gonna pull me down
You know I give you all my money
Yeah little girl, everything I own
Well I give you all my money, everything I own
Well today I'm gonna get lucky
And down the road you know I'm gone
