

# Love Galore (feat. Travis Scott)

## SZA

[Intro: Travis Scott]

I need, I need

I need, I need

I need, I need

I need, I need

I need, I need[Hook: SZA]

Love, love, love, love

Long as we got

Love, love, love

Long as we got[Verse 1: SZA]

Done with these niggas

I don't love these niggas

I dust off these niggas

Do it for fun

Don't take it personal

Personally, I'm surprised you

Called me after the things I saidSkrrt! Skrrt! on niggas

Skirt up on niggas

Skirt down

You acting like me

Acting like we

Wasn't more than just some old fling

I said farewell

You took it well

Promise I won't cry over spilled milk

Gimme a paper towel

Gimme another valium

Gimme another hour or two

Hour with you.[Pre-Hook]

Why you bother me when you know you don't want me?

Why you bother me when you know you got a woman?

Why you hit me when you know you know better?

Know you know better

Know your crew better than you do

Call me looking for ya

I be looking for ya

Got me looking forward to weekendsWith you baby

With you baby

With you baby

With you[Bridge: SZA]  
We do whatever we want  
We go wherever we want  
Love however we want  
It don't matterYou'll do whatever I want  
Get whatever I want  
Get whatever I need  
It's about[Hook: SZA]  
Love, love, love, love  
Long as we got  
Love, love, love  
Long as we got[Verse 2: SZA]  
Should've never gave you my number  
I did it with you  
Shoulda never let you hit it  
I split it with you  
I regret it  
You gots a fetish  
You gots a problem  
Now it's a problem  
Oh noSkrrt! Skrrt! On bitches  
I Don't know these bitches  
Dig dirt on bitches  
Do it for fun  
Don't take it personal baby  
I Love all my ladies  
Love to my ladies  
I've dated a few[Verse 3: Travis Scott]  
Why you bother me?  
Why you bother me?  
Why you bother me?  
Last time I checked, you were the one that left  
Me in a wreck, me in a mess.  
You're all I rep. Like my side I rep.  
That's that Mo city  
That side that you can't go 'round at night, yeah  
You like to get me high  
You know I'm the one beside ya  
You like when I make fire  
You say La Flame can make you fly, yeah  
Let me cum inside ya  
Let me plant the seed inside, yeah  
Ass, tits, tits, only that stuck with, with me  
Only thing that was real  
Only thing I can feel, you feel me?

So why you bother me, why you bother me?  
Why you bother me, why you bother me?  
Tryna catch a P.O.V.  
(Catch a P.O.V., oh)[Hook: SZA]  
Love, love, love, love  
Long as we got  
Love, love, love  
Long as we got  
We got
