Stumble and Fall

Cornflames

Breathe
It's better than nothing
Believe
Like I know you can fly
Straight through the light now
Hold on, I'm your manAnd, oh, it's a strange world
But to why ou it still belongs
And I've got a plan
Should you stumble and fallKeep your arms out
And I will swing for you
Take my hand and feel free
Feel freeSmile
You are surviving
Come on, I'll help you up
And oh it's a strange world
Step up to see it all
And I've got a plan
Should you stumble and fallKeep your arms out
And I will swing for you
Take my hand
And feel free
Take my hand
And feel freeAnd I know it's not like you need me
Believe me, I know, I'm not that toughAnd oh, since you have me
I'll be there should you call
And I've got a plan
Should you stumble and fall
Stumble and fallKeep your arms out
And I will swing for you
Take my hand and feel free
Take my hand and feel free
