

Day Time Girl (Mono Version)

Bee Gees

There she goes my daytime girl
Spreading her wings like a high flying eagle
All the people will stare as she falls to the ground
Heaven knows my daytime girl
Never been kissed she don't know what she's missing
All the kisses there are to be found
All the wisdom of people she used
She took advantage of this
Taking time to remember the past
Remembering all she has missed
What a dream this place has been
Said when she left I believed when I saw him
All the seeing believing come true
All the wisdom of people she used
She took advantage of this
Taking time to remember the past
Remembering all she has missed
There she goes my daytime girl
Spreading her wings like a high flying eagle
All the people will stare as she falls to the ground
