

# The Weight Of The World

Tommy Shaw

You've got the weight of the world  
On your shoulders tonight  
But somewhere there's a light  
It's just the way that you feel In the eyes of the world  
So much colder tonight  
It's feeding on your pride  
It's just the way that you feel Don't go  
Don't you know I'm on your side?  
Baby, don't go  
Don't go, don't go, don't go If the weight of the world  
Is too much for you now  
You've got to turn it 'round somehow  
Change the way that you feel If you wait for the world  
To give what you need  
It's gonna bring you to your knees  
Again So baby, don't go  
Don't you know I'm on your side?  
Don't let yourself go  
Don't go, don't go, don't go There has to be another way  
No, don't go  
You've got to turn around and stay The weight of the world  
On your shoulders tonight  
But somewhere there's a light  
It's just the way that you feel In the eyes of the world  
So much colder tonight  
It's feeding on your pride  
It's just the way that you feel Baby, don't go  
Don't you see I'm on your side?  
Don't let yourself go  
Don't go, don't go, don't go Don't you wait until your strength is gone  
I'll give you something worth holding on to  
Not the weight, the weight of the world Don't believe in your foolish pride  
Take a look at how you feel inside  
And give it up  
Oh, the weight of the world, ooh, ooh Weight of the world  
Weight of the world  
It's gonna be alright  
Weight of the world  
Weight of the world

Hey  
Weight of the world You're saying how your friends are gone  
Baby, are they holding on  
To the weight, oh, the weight of the world?
