

One Kiss (feat. Paul Bryan)

Tanita Tikaram

Orchids

Nothing seems to please you any more
Hanging high my hat outside the door Leaving in a rush
'Cause I can't take it any more Seemed so
Seemed so many fine things on our side
How I always smile but I can't hide myself When I'm innocent
It's not innocent of meaning
When I see you stop believing (Well) Kiss and tell me what you know
Kiss me and say it isn't so
One kiss and never let me go
(Go...) Maybe
I don't say the things I used to say
I feel them in my heart
But the words just slipped away And I'm innocent
When I hold you
I'm not dreaming
Just give me a sign to believe in Come on
Let's dance this dance together
Let's do a slow across the floor
I know this time just what I'm living for...
