Next Somebody

Kaylee Bell

i been watchong her, shes watching you, you're watching me.
and boy you're bound for trouble if she found you're into me.
you're always thinking with you blinkers on but no ones home
I could help you out but there's no doubt you should probably be alone.it ain't that hard, I'll wake you up, I'll bat my eyes, you'll fall in love.
it's eeeeeasy I could be you next somebody
but before you go and throw it in, just know you're gonna loose everything.
it's easy I could be your next somebody
but I know, that I won't, i never will, be you're next somebody
I've never been into odd numbers, only room for two
it's a love triangle that you're trying to entangle me into
she's got the rings start moving in everything with her
cause will that woman's wanting for a man to keep his wordit ain't that hard, I'll wake you up, I'll bat my eyes, you'll fall in love.
it's eeeeeasy I could be you next somebody
but before you go and throw it in, just know you're gonna loose everything.
it's easy I could be your next somebody
but I know, that I won't, i never will, be you're next somebody
cause I know, how this wil go, and id rather be alone than be your next somebodyin this battlefield, everything I feel, it's coming over and over again yeah
every game you play, you're tryin'a make me saybut I know, that I won't, i never will, be you're next somebody
cause I know, how this will go, and I'd rather be alone
it ain't that hard, I'll wake you up, I'll bat my eyes, you'll fall in love.
it's eeeeeasy I could be you next somebody
but before you go and throw it in, just know you're gonna loose everything.
it's easy I could be your next somebody
but I know, that I won't, i never will, be you're next somebody
but I know, that I won't, i never will, be you're next somebody
cause I know, how this will go, and I'd rather be alone
