Like an Eagle

James Nee

Like an eagle - James Nee
Thank you Thank you God
thank you Lord for my life
for the Good things you have done
with my eyes I have seen miracle signs and wonders
with my ears I hear you speaking to me twenty-four-seven
from now on I decree no more suffering no more suffering

I will run without fainting for the Lord shall renew my strength
I will run without fainting for the Lord shall renew my strength
I will see far I will fly high, high like an eagle
I will see far I will fly high, high like an eagle
I will see far I will fly high, high like an eagle
I will see far I will fly high, high like an eagle

For those that trust in the Lord they will never get tired
they will keep on running keep on running never fainting
the Lord will be on their side the Lord will be on their side
they will never get worried
whatever they will do the Lord will keep on blessing them the Lord will keep on blessing them

I will run without fainting for the Lord shall renew my strength
I will run without fainting for the Lord shall renew my strength
I will run without fainting for the Lord shall renew my strength
I will see far I will fly high, high like an eagle
I will see far I will fly high, high like an eagle
I will see far I will fly high, high like an eagle
I will see far I will fly high, high like an eagle

oh oh oh oh oh oh oh
