

# Another Head Put to Rest

Advisory - the following lyrics contain explicit language:

Dig it, comin' back, I'm too large, I'm widdit  
Come test me, you wanna get scarred, back in effect  
That means that Ak is comin' hard  
And you're regrettin' that you tried to pull his card I start to sweat, when MC's get out of hand  
And I don't let you amateurs get on the stand  
I just go get Johnny B the right-hand man  
And watch 'em jet, when the Akshun takes a stand I'm on the set in other words, I'm in effect  
Grab your cassettes, hit your rewinds and your ejects  
Tell your friends that Ak is back and Ak is def  
Another head put to rest When you wanna step to me  
I think you should know that  
I am a nightmare walkin', psychopath talkin'  
Akshun I go for broke, so why would you waste time  
Here comes an Einstein, bringin' the bassline  
Boy, you're a sad case, still wanna test mine  
Yeah, this is Brad's race and here comes the next rhyme You shoulda thought, before you stepped into  
The center square, now I'm gonna bend you  
You shoulda broke out, right after when you  
Had the chance, so let me continue I've got rhymes that can go on forever put 'em in mines and combine  
And make 'em clever, irritatin' the most minds  
Aiyyo money, it's toast time, let us compare  
Who's got the dope rhymes? I take it as it comes, I got the gall  
I couldn't fake it, so who's the one you call  
To rock a party, and you know that Ak won't stall  
Pass me the 40, I'm back in effect y'all  
And step and give the man some respect  
You guessed, another head put to rest When you wanna step to me  
I think you should know that  
This is how it should be done  
Akshun Back, comin' back like a crack fiend  
Strong, I leave a mark like a vaccine  
Stop, you comin' off on a wack scene

You're steppin' on Ak's green  
Move, up close to the animal  
Not a vegetarian, I'm more like a cannibal  
I'm comin' hard, I'm comin' hard, you can't stop the press  
Ak is a madman and I'm grabbin' hostages  
Flow, at will, stand at attention  
Now go, no more plottin' and no mo' bitchin'  
Ak is a man, who's gonna get off  
Whassup? Step off  
I heard your rhymes and nevertheless  
I never fess and I'm back to progress  
I yell whassup? Put you to a test  
Another head put to rest  
When you wanna step to me  
I think you should know that  
B, is on the cut  
As you sit in your crib just imaginin'  
How to make up a jam that just hasn't been used  
By the Ak kid now that's a laugh  
It's over, on the level, stack up the trash  
Pause and let me break it down the way  
I want to break it and see how it sounds too  
I couldn't fake it 'cause Ak ain't around to play  
I couldn't take it, now H-Town is bound to pay  
Bet, the man tried to hold me back  
Now sweat, you couldn't control the Ak  
Go get, upset 'cause I told the facts  
You'll jet 'cause here comes a load of wax  
I cool, on the scene I'm in the spotlight  
A fool, tried to test me then I got hype  
I taught school, told them to take a hike  
Grab the mic, psych, that jam is too hot right  
I prove to all you punks just like Willie D  
Ooh, don't mention names, oh silly me  
But on the real tip, take it seriously  
You couldn't handle Ak, I mean really D  
I'm coolin' and steppin', whassup with that?  
Backs to progress, another head put to rest  
When you wanna step to me  
I think you should know that  
Ain't no half steppin'  
I'd like to send a shout out to Class Quarter Productions
