

Catch of the Day

Sally Seltmann

Eooooo eooooo()

Thought I'd catch the catch of the day

But the catch of the day caught me

Down the road, around the bend and the rest is history

Hold that fish above my head and then throw back out to sea

I'm not gonna live my life being told who I'm s'posed to be()

Hold that fish above my head and then throw back out to sea

Hold that fish above my head and then throw back out to sea

Yeah, like the waves crushing the sand, I will learn to understand

Why they've fallen, never try, hold my hands out and then fly

Fly, fly, fly, fly, fly

()

Thought I'd catch the catch of the day

But the catch of the day caught me

Down the road, around the bend and the rest is history

Hold that fish above my head and then throw back out to sea

I'm not gonna live my life being told who I'm s'posed to be()

Hold that fish above my head and then throw back out to sea

Hold that fish above my head and then throw back out to sea

All you sticks and spiders are the coolest enemies

Crawling up beside me while I'm crawling to my knees

I gotta fight, fight, fight, fight(Interlude)

Eooooo eooooo Eooooo eooooo

()

Thought I'd catch the catch of the day

But the catch of the day caught me

Down the road, around the bend and the rest is history

Hold that fish above my head and then throw back out to sea

I'm not gonna live my life being told who I'm s'posed to be()

Hold that fish above my head and then throw back out to sea

I'm not gonna live my life being told who I'm s'posed to be

Hold that fish above my head and then throw back out to sea
