

# Good Night

Justin Hunt

## Verse 1

I know u wanna move  
Tonight  
Don't let your mood mess up the groove lets do it baby  
And we can take it slow  
(Slow)  
I like it when u do what u came to do so do it baby

## B-sec

U know u can't really blame it on the boogie  
(Once u feel it u just can't stop)  
We're gonna do it till we do it right  
(Once u feel it u just can't stop)  
Dont wanna rush it but I'm waiting give it to me  
(Once u feel it u just can't stop)  
I can't wait until the time is right

## Hook

I wanna catch u on a good  
Good night  
(Girl I know u wanna move)  
And the world won't bring us down  
Wanna catch u on a good  
Good night  
(Girl I know u wanna move)  
(We can find the groove)

## 2nd verse

Come on and bring your body closer to mine  
We're gonna rock until we feel that rhythm baby  
Girl you've got to live your life  
Let take you to that place that you've been missin

## B-sec

U know u can't really blame it on the boogie  
(Once u feel it u just can't stop)

Just let the music  
Party  
Moonlight  
Turn you on  
Let it break you down
