

# Brace

## Readymade

I could sit and cry  
I am never mad  
I am burning up  
I am broken up Brace yourself  
Brace yourself Come on play again  
Don't just stand and stare  
I keep calling you  
You keep taking in Brace yourself  
Brace yourself  
Brace yourself  
Brace yourself For this  
For this  
I can brace myself  
For this  
I can brace myself  
For this Yeah Brace yourself  
Brace yourself  
Brace your-self  
For this  
For this  
For this  
For this
