

Tina Colada

Dante Thomas

Hey, shake it, baby
Shake it, shake it, oh, Tina, shake it now
Shake it, shake it, oh, Tina, shake it nowShake it, baby
Shake it, shake it, oh, Tina, shake it now
Shake it, shake it, oh, Tina shake it nowHer name was Tina Colada
She likes to do the lambadaA pretty little girl with flowers in her hair
Rocked in mini skirts and make everybody stare
Asked me where did I meet her?
This pretty little señoritaI met her in Frisco right after a show
Hanging out on the town with my man Carlos
But why Tina, do you cause so much trouble?
(Trouble)
The way that you dance makes all the men
Think they love you, love youHer name was Tina Colada
She used to drive her daddy's impala
But where she go her daddy wouldn't know
She'd be out dirty dancing with a sexy glowNow everybody's trying to meet her
Through her sister margarita
But even though they come from the very same place
These two little girls have very different tasteCause she says why, Tina
Do you cause so much trouble?
(Trouble)
You know when you shake it
All the men think they love you, love youOh, shake, it shake, it shake it, oh, Tina, shake it now
Oh, shake, it shake it, oh, Tina, shake it now
Oh, shake, it shake it, oh, Tina, shake it nowI'm in love with Tina, with Tina
I'm in love with Tina, with Tina
Now I'm in love with Tina, with Tina
Now I'm in love with Tina, with Tina

(Trouble)
