

# Plastic Fantastic

## Flesh for Lulu

We love tinsel town  
Plastic fantastic  
I can feel it when you talk  
See it when you walk that way I'm gonna swim 'cross the ocean  
In the black of night  
You can never see the depths  
Never reach the distant shore Plastic fantastic  
I really think it's cool  
Children will be children  
I don't wanna go to school Plastic fantastic, do ya believe it?  
Plastic fantastic  
Something you just gotta see  
I'm a sc-fi baby of the twenty-first century Plastic fantastic, do ya believe it  
Plastic fantastic, don't really need it Look here right now  
In my neighborhood  
Yeah, got to do something  
It's got to be something good Burn, tiger, burn, run just as fast as you can  
We're gonna build you a concrete jungle  
Cause we don't really understand  
It's a shame Plastic fantastic, do ya believe it?  
Plastic fantastic, don't really need it I know you from another world  
You're everywhere in general  
And no place in particular  
I can feel it when you talk that way Plastic fantastic  
I really think it's cool Burn, tiger, burn, run just as fast as you can  
Plastic fantastic, something you just gotta see  
I'm a sc-fi baby of the twenty-first century  
That's me Plastic fantastic, I can feel it when you talk  
See it when you walk that way, bye bye
