Still Learning To Fly

Novastar

I'm full of desire
I burn I burn
I'm on fire
how I love you
beyond the unknown
all of this I've got to let you know
all of this I've got to let you knowbe all be all you can be
just take it and speed it to me
and love it
beyond the unknown
all of this I've got to let you know
all of this I've got to let you know
that it hurts me real deep
to see you in need
I'm on a roll
nothing's stopping me
I missed out on your sky
I'm still learning to flythe summit the summit
it seems you still don't know
what it means
I don't blame you
although it might show
anyhow I've got to let you know
anyhow I've got to let you know
that it hurts me real deep
to see you in need
I'm on a roll
nothing's stopping me
I missed out on your sky
I'm still learning to fly
