

Cheapskate

The Wyos

Lift me up and move a bit closer
Holdin' on to what I know
She's the one who plays with fire
I see a side you'll never know I need someone to be around
'Cause I'm breakin' into life
Somebody stop me
'Cause I'm lookin' for my
Lookin' for my high She's the one who plays with fire
I see a side you'll never know I need someone to be around
'Cause I'm breakin' into life
Somebody stop me
'Cause I'm lookin' for my
Lookin' for my high I need someone to be around
'Cause I'm breakin' into life
Somebody stop me
'Cause I'm lookin' for my high Yea, you and me, yea
Now I'm breakin' through the door
Somebody stop me
'Cause I'm looking for my
Looking for my
