

# Come to This

## The Sleepy Jackson

Keep your mouth green  
Let the lord list we put to science  
Lord I don't know  
How did it come to thisKeep your mind green  
Let the lord list we put to science  
Lord I don't know  
How did it come to thisGirl its a long time when your runnin'Keep your mind green  
Let the lord list we put to science  
Lord I don't know  
How would it come to this  
I don't know I didn't try with you  
Now the moon is bleedin dry  
The sun is weepy eyed  
How did it come to thisGirl its a long time when your runnin'  
Girl its a long time when your runnin'  
Girl its a long time without lovin'  
Girl its a long time when your runnin'Girl its a long time when your runnin'  
Girl its a long time when your runnin'  
Girl its a long time without lovin'  
Girl its a long time when your runnin'
