Numb & Getting Colder (feat. KucÌŒka)

Flume

Make your decisions now
Weight it up
Facing a long road down, oh
Keeping your head above
Saying the same thing twice, won't make it right
Head up in your desires, butMaybe we're looking for different way
Does it matter when you act like this yeah
Yeah, you got into something
Now you took control of you, oh
'Cause you say it, but you won't admit it, oh
Numb and getting colder, physical existence
Say somethingSaid you begged to leave
I won't be behind you
And I can't breathe, breathe
I won't be behind youSaid you begged to leave
I won't be behind you
And I can't breathe, breathe
I won't be behind youNot gonna tell you stop, is it up
Bring all emotions back, stop taking it out on her
I'm gonna lose no pride, giving up
? I've got butMaybe you're looking for a different way
Does it matter when you act like this
Yeah, you got into something
Now you took control of you, oh
'Cause you say it, but you won't admit it, oh
Numb and getting colder, physical existence
Say somethingSaid you begged to leave
I won't be behind you
And I can't breathe, breathe
I won't be behind youSaid you begged to leave
I won't be behind you
And I can't breathe, breathe
I won't be behind youI am feeling closer my mind weighin' to deep
The fragrance of love we left behind
I've ? some place
Slow down to the second, revive
And just so instant
? what they survive
So ? beSearching where to be

I will be behind you
And I can be near
I will be behind youSearching where to be
I will be behind you
And I can be near
I will be behind you
