

Aqueous Transmission (Album Version)

Incubus

I'm floating down a river
Oars freed from their homes long ago
Lying face up on the floor
Of my vessel
I marvel at the stars
And feel my heart overflow
Further down the river
Two weeks without my lover
I'm in this boat alone
Floating down a river named emotion
Will I make it back to shore?
Or drift into the unknown
Further down the river
I'm building an antenna
Transmissions will be sent
When I am through
Maybe we can meet again
Further down the river
And share what we both discovered
Then revel in the view
Further down the river
I'm floating down a river
