

Laugh It Off

Clifford T. Ward

Laugh it off girl, don't get upset
Try to see things in perspective
There's a lot worse off than us
And anyway the consequences aren't that bad
Don't be sad. Summer days are coming soon
You and me to make it happen
See the redstart down the orchard
Singing to his love to be, and you and me
You and me. INSTRUMENTAL Laugh it off girl, don't get upset
Put it down to circumstances
There's a lot worse off than us
And anyway the consequences aren't that bad
Don't be sad.
