You'll Never Be Alone

Tim Owens

VERSE 1 :
You came to me, you were saying that you wanted to be free, from all the hurt you kept inside
Youâ€™re alone, and I know, that you never knew a love so unconditional, it was in your eyes
Iâ€™ll give you all the time you need to know that Iâ€™m sincere, cuz after all is said and done Iâ€™ll be right here, f

CHORUS:
Oh, youâ€™ll never be alone, though friends have come and gone, Iâ€™ve been here with you all along
And I, will never go away, my love is here to stay, and Iâ€™ll be here with you for always

VERSE 2 :
Just to hold you near, and to take away that fear that youâ€™ve been holding in, for far too long, babe
My prayer to God, is for you to know true love and let me be the one you can depend on.
If it takes until eternity, forever I will try, because a love thatâ€™s built on trust will never die, love will never die

CHORUS:
Oh, youâ€™ll never be alone, though friends have come and gone, Iâ€™ve been here with you all along
And I, will never go away, my love is here to stay, and Iâ€™ll be here with you for always

BRIDGE:
Ooohh, even if the suns refuses to shine, I will always love you
Even if the clock runs out of time, I will always love you
And even if the poet cannot rhyme, throughout eternity, my love for you will always be

CHORUS:
Oh, youâ€™ll never be alone, though friends have come and gone, Iâ€™ve been here with you all along
And I, will never go away, my love is here to stay, and Iâ€™ll be here with you for always
