

# Looking Down

Thomas B

Yeah, my shadow stretches far and free  
Yeah, it's telling me what I could be  
Could be'Cause I'm tired, of looking up  
All the timeWe'll stand on top of the world  
Looking down  
We'll stand on top of the world  
Looking downYeah, we'll set ourselves apart in time  
Yeah, and then we'll leave it all behind  
I'll rise'Cause I'm tired, of looking out  
For the lineWe'll stand on top of the world  
Looking down  
We'll stand on top of the world  
Looking downWe'll stand on top of the worldYeah, is anybody here like me?  
Yeah, can you face the sound  
And decide?We'll stand on top of the world  
Looking down  
We'll stand on top of the world  
Looking downWe'll stand on top of the world  
Looking down  
To rise above on our own  
Looking down
