

Leverage of Space

Red Hot Chili Peppers

Shade, stay, know but they communicate
Try, fade, the leverage of space
Star, jay, the fall dawn aim to place
With shades on the leverage of Shade, shade, shade
The leverage of, the leverage of
Space, shade, shade
The leverage of, the leverage of Hate breaks down mountains
That we make so tame oh, the leverage of Shade, shade, shade
The leverage of, the leverage of
Space, shade, shade
The leverage of, the leverage of When I was down upon myself
I walked a road that's always there
You and I were everywhere
And I'm alone She would never know the reason
That I loved to come and see her
Where she sits I'll never go
You know it's always there The leverage of, the leverage of
