Real Man

[Bonnie Raitt](#)

Don't want no secret agent
Don't need no long Cadillac
I don't want nobody with no problems
I don't need a man with a monkey on his backI want a real man
I said, "A real man"
I need a real man
Ain't messing with no toy
I don't need no baby boyDon't need to send me no flowers, babe
Sending flowers is real nice
Way I've been feeling, my hearts been a-reeling
I need a man that loves me once
I want a man that loves me twiceIt's a sticky situation, babe
Keep me up late at night
Honey don't know the difference
Wanna go left when you shoulda gone rightI want a real man
I said, "A real man"
I want a real man
I've been around the world
I'm a woman not a girlI don't want no million dollars
I don't need no diamond ring
You can twist and shout
For to knock yourself out
I don't care about material thingsI want a real man
I need a real man
I want a real man
I said, "A real man"I want a real man
I need a real man, baby
I want a real man
I want a real man
Real manAin't messing with no toy
Don't need no baby boy
I've been around the world
I'm a woman not a girl
Real manI said, "A real man"
I want a real man
Got a real man, real man
Real man
